## Introducing Referral Portal

In an effort to make referring patients to our practice as simple and efficient as possible, we'd like to introduce our new Referral Portal. Utilizing this tool will offer your practice more visibility throughout the entire referral process at Mann Eye. We value your partnership and appreciate the opportunity to provide collaborative care for your patients.

### Referral Portal - Key Benefits

<b>Scheduling</b>	No more phone tag. Appointments are scheduled online real-time.
<b>eReferrals</b>	Electronically schedule referrals when it is convenient for your practice.
<b>Live Reports</b>	Live patient appointment status reporting available 24/7.
<b>Referral Letter</b>	Provides a summary of the visit. Available to print or download for appointments kept by your patient.
<b>Appointment Details</b>	Printed for the patient on an easy to read form.
<b>Messaging</b>	Chart notes and messages securely exchanged between our practices.
<b>Patient Experience</b>	Improved coordination of care is valued by the patient.

### Next Steps

<b>Contact</b>	We will reach out to schedule time for a Referral Portal introduction. Or, if you are ready to get started, please contact us to schedule training.
<b>Invitation</b>	An email invitation will be sent with a link to access the Referral Portal.
<b>Activation</b>	Enter your cell phone number on the activation page and an activation code will be sent via text to activate your account.
<b>Training</b>	To ensure you understand how to use the Referral Portal we will schedule an appointment to train your staff. The training should take no longer than 30 minutes, but we are available to you at any time.

### REAL TIME SCHEDULING

No more back and forth phone calls or lost faxes. Schedule your patient before they leave your office with real-time access to availability on Mann Eye Institute's schedule. Enter (or bypass) insurance information, select appointment type, date and time.

### APPOINTMENT DETAILS PRINTOUT

To improve compliance, we've made it easy to provide your patient with appointment details on one form, in English or Spanish. Just click print.

### LIVE STATUS REPORT AND REFERRAL LETTER

Your practice will be able to see the status of your referred patients in real time through live reporting. The Referred Patient Status Report is where access to downloading or printing the referral letter is located.
